

Waste Management Charter

Our club recognises that the facilities used by the Club and its associated events and activities have an impact on the environment and is committed to minimise these aspects over the coming years. As a Club with influence, it is our mission to lead by example and commit to undertaking the following actions:

Managing waste and developing waste prevention and recycling initiatives within the club and aiming to achievement of 0% to landfill throughout 2021 by:

Reducing the amount of waste generated, with a particular emphasis on single use items.

Improve segregation opportunities and increase the level of recycling;

Benchmarking and monitoring ongoing activities;

Ensuring all events and activities are undertaken in an environmentally responsible manner.

Setting and achieving objectives and targets that ensure continual improvement in environmental management.

Becoming a sustainable club and minimising our impact on the environment.

Promoting continual good environmental practices within the club and wider community.

Communicating this policy and relevant environmental procedures to the club community, contractors and suppliers.

Compliance will be regularly evaluated and reported to Club Officials and Members. Success will come from the combined efforts of all.
